Innovative Lighting System Meets Title 24 Requirements

Sacramento Municipal Utility District, Lawrence Berkeley National Laboratory, California's PIER Program and Lithonia Lighting have joined forces to bring you an innovative lighting system that utilizes energy efficient compact fluorescent downlights.

- 
- Meets Title 24 requirements
 - High-performance lighting system
 - Instant-on compact fluorescent recessed lighting
 - More light than standard incandescent fixtures
 - Five times the life of incandescent
 - Uses one third of the energy requirement of incandescent
 - Premium trims for superior finished look
